

New business is offering mobile repair service

Last month a new service came to suburban Essex County. It's a mobile trailer that supplies and repairs custom window and door screens and shades. The service also provides on-site repairs to existing screens.

NORTH CALDWELL – Screenmobile of Essex, a new business that opened this month, offers same-day measuring and installation services, of residential screens and shades said company spokesman Loren Faye.

The business offers homeowners window and door screens and shades delivered right to their door. A customized Screenmobile trailer stocks many styles of screens for windows, doors, porches, patios and pools, said Faye. The Screenmobile also carries retractable screen doors, garage screens and doors, sliding and security screen doors, and storm doors, including fiberglass and aluminum insect screens, solar window screening, sunshade screens, storm windows, and pet doors, screens and guards.

Properly fitted window and door screens and shades allow for a relatively inexpensive way to increase energy efficiency, reduce air conditioning bills, protect against mosquitoes that carry the West Nile virus, safeguard against burglars and allow families to enjoy outdoor patio living, said Faye.

Screenmobile of Essex serves suburban Essex County. For information visit www.screenmobile.com.
